From Holly and Brian Yoshida—

"We are very pleased with the program at St. John's Preschool. Our son has attended the program for two years. The teachers have been very kind, enthusiastic, knowledgeable, and nurturing towards the children. We love the home/school communication and all the adorable photographs documenting the days' events. He has enjoyed attending the many field trips around town. This has provided an enriching, community experience."

From Alice Lapadat—

"Saint John's was like one big family. We developed friendships there that are still strong five years later. Many of the families had younger siblings that had the opportunity to go through the program together as well."
